SMALL-POX.

The reports concerning the prevalence of small-pox in San Francisco have, it appears from yesterday's *Call*, been much exaggerated. There were eighty-six cases in all reported last week. On Friday only five new cases were reported, and on Saturday but two. Still there may be many cases concealed in private houses and hotels. It is well for all to be on their guard against the disease, and be able to recognize its symptoms, which are thus described:

"At first, what is termed the period of incubation, or time elapsing from the inception of the poison until it manifests itself, lasts about fourteen days. During this period little inconvenience is experienced. The secondary stage of the disease is announced by chills alternating with fever. Pains begin to be felt in the back, more especially in the region of the loins, accompanied by nausea and vomiting. Should the fever assume a violent form and delirium set in, a more severe form of the disease may be anticipated. Convulsions are apt to affect children. On the third day of the fever the eruptions begin to appear. The body is affected first, the face next and finally the extremities. By the fifth day the eruption is complete, and generally no new spots appear. Minute round pimples first manifest themselves. To the touch they feel hard, not unlike small shot beneath the surface. With the appearance upon the surface, sore throat is complained of. The tonsils become swollen, and pustules appear upon them, in the roof of the mouth and in the inside of the cheeks. Salivation frequently attacks the patient."

In a disease of so much gravity, no reliance should be placed on published recipes, where medical treatment can be obtained. But where the services of a doctor cannot be had, it is desirable to combat the disease, and the following prescriptions given by the *Call* might be tried with advantage:

The following recipe is offered as a preventive and curative of small-pox and scarlet fever. The remedy appears to be a well-known one. "I clipped from an old paper the following 'Small-Pox Remedy.' The recipe has been used to my knowledge in hundreds of cases. It will prevent or cure the small-pox though the pittings are filled. When Jenner discovered cow-pox in England the world of science hurled an avalanche of fame upon his head, but when the most scientific school of medicine in the world —that of Paris—publishes this recipe as a panacea for small-pox, it is passed unheeded. It is unfailing as fate, and conquers in every instance. It is harmless when taken by a well person. It will also cure scarlet fever. I have used it to cure small-pox, when learned physicians said the patient must die; Sulphate of zinc one grain; foxglove (digitalis,) one grain; sugar, half teaspoonful. Mix thoroughly. When mixed add four ounces of water. Take a teaspoonful every hour. Either disease will disappear in twelve hours. For a child, smaller doses, according to age."

Another recipe is as follows: Edward Hine, a correspondent of the Liverpool *Mercury*, in a communication to that paper, writes as follows: "I am willing to risk my reputation as a public man if the worst case of small-pox cannot be effectually cured in three days simply by cream of tartar. This is the sure and never-failing remedy. One ounce of cream of tartar dissolved in a pint of boiling water, to be drank when cold, at short intervals; it can be taken at any time and is a preventive as well as a curative. It never leaves a mark, never causes blindness, and always prevents tedious lingering."

Three hundred persons a day were vaccinated in San Francisco last week. All houses in which small-pox makes its appearance are promptly fumigated. Several firms employing many workmen have required all their employees to be vaccinated, on pain of dismissal. Children who have not been vaccinated are not allowed to attend the public schools. A case of small-pox is reported from Point of Timber, Contra Costa county. The disease is likely to spread over the coast, and those who are wise will not neglect to be vaccinated.

CALIFORNIA.

The "arithmetic men" of the press disagree over the result of the California election. The Sacramento *Bee* (Greenback) of Saturday evening figured up a majority of 131 for Garfield. The *Bulletin* (Republican) of the same date, from returns of 155,000 votes cast all over the State, conceded Hancock a plurality of 133. The count had then been complete in twenty-six counties, and in the remaining counties there were very few precincts to hear from. The *Call* yesterday morning ventured the opinion that Hancock was "still in the lead," and that the returns to come in would "probably be favorable" to the Democratic Electors. In the *Call* office at a late hour on Saturday night a plurality of 78 was figured up for Hancock.

NECESSITY FOR AN AMENDMENT.

Eminent statesmen have shown the danger from claims growing out of the war, in case bad or ignorant men get control of the government. Mr. Bayard, Mr. Randall, Gen. Hancock and others think the Fourteenth Amendment prevents the payment of such claims. Mr. Conkling, Judge Edwards, Senator Blaine and others think not. Senator Conkling said just before election:

"In the Fourteenth Amendment stand these words: 'Neither the United States, nor any State, shall assume or pay any debt or obligation incurred in aid of insurrection or rebellion against the United States, or any claim for the loss or emancipation of any slave, but all such debts, obligations and claims shall be held illegal and void.' The claims which stand in staggering totals in bills already before Congress, and in other bills said to be waiting, are not touched by this section of the Constitution."

"Buildings were occupied, crops were trampled, fences and wood were burned, provisions were consumed, edifices were demolished, and regions were laid waste by the armies of the Union. The total of such claims dizzies arithmetic." * * They are claims because of acts done to crush rebellion. The Constitutional amendment does not come within gunshot of them."

Now, presuming that these gentlemen were sincere in this matter, and they probably were, it is their belief that the Fourteenth Amendment is no protection to the tax payers of America against this two or three billions of dollars. We call upon them to give us an amendment that will protect us. There certainly is wisdom in the patriotic North to frame a law that will be binding, and as the Southern people and the Democrats say there is no disposition to try to collect such bills, there will probably be no opposition. Let us have an amendment to the amendment.

EDITORIAL NOTES.

The excitement in Boston over the failure of Mrs. Howe's Women's Savings Bank has about died out. The peculiarities of the institution were that it received deposits from women only and that it paid eight per cent. interest per month. Of course it was a swindling concern, as every business man knew, but the women kept putting in their money, lured by the high rate of interest. The bank did business five years, recently failing for $500,000. Mrs Howe, the presiding genius of the concern, was arrested for embezzlement, but her lawyers expect to clear her on the ground that she has been insane for five years. They saddle the blame on her wicked clerk, Mrs. Gould. Mrs. Howe certainly has not been half so insane as the women who trusted their money in her swindling bank.

The propensity for lightness and freedom in the handling of fire-arms seems to be hereditary. The fifteen-year-old son of ex-Governor Sprague of Rhode Island has just furnished an example of this. The boy last Saturday fired a pistol at the head of Mr. Thomson, his mother's trustee. The ball went close to the trustee's head. No explanation is telegraphed. Perhaps the trustee had mixed up Mrs. Sprague's accounts as badly as Mr. Conkling was reported to have done when the ex-Governor lay in wait for the Senator with a shot gun.

It appears that there is a big comet coming head on towards the earth. Look out for it. Lewis Swift, the Rochester astronomer, says: "The new comet which I found on the 11th instant promises to be one of the most remarkable ones which have recently been seen in this country. Its great size, its slow rate of motion, and the fact that its movements are nearly in a direct line toward the earth, all combine to produce this result."

Chicago was white with snow on Saturday morning. In Springfield, Ill., the snow was four inches deep, and a violent storm had been raging at New York. Here in Nevada the days continue warm and bright. No snow is yet to be seen on the summits of the Sierra. Our cold weather will not come until those mountain tops get white.

Compared to the $80 assessment on the Edison Light stock, assessments on Comstock shares are but flea bites. The Edison stock is ticklish to handle. It has recently jumped to $1,200 because of the expected success of Mr. Edison's public experiments next month. Last Spring, when there was so much excitement over the electric light, the stock sold as high as $4,000 a share.

A great deal of theorising is being done over the problem of why the Democrats were beaten, the reasons assigned ranging from a special providence down to Hazeltine's remarks on the tariff. The simplest of all the reasons given for the defeat of the Democrats is that the Republicans were too many for them.

Secretary Sherman, in an open letter, expresses his approval of the New York *Bulletin's* project for an International Monetary Conference to establish a ratio between gold and silver, with a view to creating an international currency of certificates of deposit of bullion, to be good between all nations agreeing thereto.

California is likely to send a Republican to the United States Senate. Should Tennessee and New Jersey do the same, the Senate will be tied, and as Vice-President Arthur has the casting vote, that body would be practically under Republican control.

The Grass Valley *Union* states that it will take the official count to decide whether Mr. Cross (Dem.) or Mr. Patterson (Rep.) is elected Assemblyman from that county, but says that Cross is believed to be ahead from five to ten votes.

The French people have developed a great fondness for horse flesh during the past few years. It has become a favorite article of diet in Paris, and sells readily for thirty cents a pound.

This talk from the New York *World* about counting out Republican votes in New York State, on account of alleged election frauds, is all bluster. There is nothing in it.

Wal J. Tuska, of Virginia, and W. Merrill, of Eureka, are spoken of for the Speakership of the next Assembly. Wm. O'Brien, of Virginia, is a candidate for the office of Sargeant-at-Arms.

Women's rights receive recognition in Bodie, for Mrs. Ada Sullivan is elected Superintendent of public instruction for Mono County.

The trot between Santa Claus and Elaine, to come off in San Francisco next Saturday, is the topic of interest for horsemen.

Giving California to Hancock, the Electoral College will be divided as follows: For Garfield 213, for Hancock 156.

Two more candidates for the Wardenship of the State Prison have appeared. They are ex-Mayor Currie of Virginia and M. R. Elster, of Carson.

CALIFORNIA'S VOTE.

The *Bulletin* of Saturday evening gives the following as the vote of the several counties in California. They are all complete except Fresno, Inyo, Mariposa, Modoc, Placer, Siskiyou, San Bernardino and Sutter. The precincts to hear from are small, and have been estimated for as shown in dispatches elsewhere. Hancock's gain has been largely in Colusa, Lake and Del Norte.

JOTTINGS.

—See notice to M. Harrison's debtors.

— Mrs. Couch can keep a few boarders.

— Sol Levy has some very handsome new suitings.

— Nothing new in the Justice's Court. No arrests.

— A good many people are being vaccinated in Reno.

— Reno has an Indian girl with sandy-colored curly hair.

— Henry lost his badge and hat a day or so ago. See 50 cent ad.

—Union sold at $9 on Saturday, the lowest point touched in three years.

—The assessment of fifty cents each on Crown Point and Exchequer became due to-day.

— Gurtenbach's harness turned up at his back gate Sunday morning. No one knows where it was.

— Reno Republicans seem to feel the loss of Nevada too much to get up a jubilee over the election of Garfield.

— Mat. Canavan's trotters, Democrat, Maggie C and her colt, are still at the race track, in charge of Frank Dodds. Mr. Dodds expects to winter them at Gold Hill. They will not be taken below.

— Judge Cossitt thinks that praying in the Reform Club hall on Saturday evenings, in the place of dancing, would not put much money in the treasury of the Club, nor pay the reading room expenses.

— A forged check was passed at the Depot Hotel on Saturday by a sharper from Virginia. It was for $305, signed James Mayberry, and drawn on Paxton, Curtis & Co. Mayberry has no account with that bank. The forger has not yet been captured.

— The Hancock and Garfield hats were raffled at the Arcade Hotel on Thursday. The Hancock hat was won by No. 16, and 94 won the Garfield. Parties holding these numbers will present them to Mr. Sunderland, who is commissioned to furnish the hats.

—The latest novelty in clothing is the patent reversible overcoat. Every man can now appear to have two ulsters in his wardrobe, while possessing only one. By turning his ulster inside out occasionally he can keep up the illusion in the eyes of his acquaintances. These unique garments can be seen at the White House.

— Wm. Mooney's stables in Virginia City are deservedly popular with people on the Truckee meadows. He has large, clean and healthy stalls, provided with good water and good ventilation, soft bedding and everything to make a tired horse comfortable. Mr. Mooney is an attentive and careful landlord and his visitors are sure of good feed and kind treatment.

Thistle Dew.

Manning & Berry have taken the agency for the famous Thistle Dew Whiskey, said to be the best that comes across the Rocky Mountains. It will be found at Manning & Berry's hereafter in its pure state, and can be purchased in any quantity, large or small. There is no doubt but that it is an excellent brand of whiskey, and its introduction here will be a good thing, for people will use whiskey for both good purposes and bad, and it is important to get a wholesome article.

A Work of Art.

Aitken & Fish are finishing a stone for the grave of Brown, the locomotive engineer who lost his life in San Francisco bay. On one side a locomotive is represented as just emerging from the mouth of a tunnel. The details are all complete. The smoke stack, head light, pilot, etc., are very natural. The plate bears 155, the number of Brown's engine. On the arch of the tunnel are the words: "All Honor to the Brave." Opposite are two guns crossed.

Huffaker's School Report.

The following is the Roll of Honor for the month of October: Dora Longley, 100; Alice Ede, 99; Olive Douglass, 96.8; Lizzie Longley, 96.8; Martha Douglass, 91.7. Neither absent nor tardy, Nellie Ede, Stella Ede, Olive Douglass, Dora Longley, Jennie Longley and Lizzie Longley. Number enrolled, 33. Average attendance, 26.

ANNIE FANCHER, Teacher.

THE NEXT LEGISLATURE.

A Republican Senate and Democratic Assembly—On Joint Ballot the Democrats Have a Majority of 31.

In the next Legislature the Republicans will have a majority of three, and in the Assembly the Democrats a majority of 34. In the following list of members the names of hold-over Senators are marked with an asterisk. The letter D follows the names of Democratic Senators and R designates Republicans. The Assemblymen whose names are not otherwise marked are Democrats. The Democrats have 31 majority on a joint ballot:

It Would be Convenient.

The Gazette is not a faultfinder, but it has often thought that the efficiency of the Postoffice might be greatly increased if the boxes were so placed that they would be accessible to the public at any time of the day or night. At present the iron doors are closed about nine o'clock and are not opened until after 7 o'clock in the morning, and on Sunday they are only open a few hours. When closed there is only a narrow slot to receive letters and none large enough for papers or magazines. A good many citizens who have boxes would like to get into them early when they take the train for Carson or Virginia at 6:50 or the one for Verdi and Truckee at 7. Many times those coming in at 1:30 A. M. want to get their mail. Almost all the Postoffices on the coast have boxes so arranged, and it could probably be done here without much expense.

A Case of Paralysis.

VERDI, Nev., Nov. 6.

Editor Gazette:—A man named Geary, who lives alone on a ranch one and a quarter miles west of Verdi, was found in his house this afternoon insensible from paralysis of the brain. There is no hope of his recovery. He is a native of Pennsylvania, sixty-one years old. He is supposed to have a step-daughter in Marysville. He has been on this coast a number of years.

Death of Geary.

SPECIAL TO THE GAZETTE.

VERDI, Nov 8.

Geary, the old man found paralyzed in his cabin, is dead.

Shiloh's Consumption Cure.

This is beyond question the most successful Cough Medicine we have ever sold, a few doses invariably cure the worst cases of Cough, Croup, and Bronchitis, while its wonderful success in the cure of Consumption is without a parallel in the history of medicine. Since its first discovery it has been sold on a guarantee, a test which no other medicine can stand. If you have a Cough we earnestly ask you to try it. Price 10 cts., 50 cts. and $1.00. If your Lungs are sore, Chest or Back lame, use Shiloh's Porous Plasters. Price 25 cts. Sold by Osburn & Shoemaker, Druggists, Reno, Nevada.

Reform Club.

The Reform Club hall was as well filled as usual on Saturday evening. Mr. McKelvey spoke briefly upon temperance. He urged parents to keep their boys at home in the evening, out of the reach or temptation. He disapproved of the dancing which usually follows the regular meetings, and expressed the opinion that the time so spent had much better be passed in prayer.

BY TELEGRAPH.

Total Vote of Connecticut.

HARTFORD, Nov. 5.

The total vote of Connecticut for President, as shown by the complete returns from official sources, was 132,562. Garfield's plurality is 2,570. The total vote for Governor is 132,285. Bigelow's (R.) plurality is 2,331.

General Hawley will probably be elected United States Senator.

A Divided House.

CHICAGO, Nov. 6.

The *Journal's* Washington special says: The Republican majority in the House is going to be uncomfortably close. McPherson figures out to-day only one majority. The gains made on Tuesday in Congressmen were as follows: Virginia 1, Tennessee 2, Louisiana 1, Iowa 2, Minnesota 1, Wisconsin 1, Missouri 1, Pennsylvania 2, Illinois 1, Kentucky 1, making a total of 13. The losses are as fallows: New York 4, Nevada 1, and California 1, making 6 in all, a net Republican gain of 7, which added to the gains made in October, and other Republicans elected, give them a total vote of 147, to 146 votes for the Democrats. These estimates give the Democrats all the Greenback vote, which in all probability they will not get. Information reaches here to-day that the Democrats in Louisiana are talking about witholding the certificate of Darrall, Republican member elect from the Third District, and if they do this the next House will be a tie, unless some of the Greenback members or the two Readjuster members from Virginia vote with the Republicans.

The Majority in New York.

NEW YORK, Nov. 6.

Correct returns make the majority for Garfield in New Yorkabout 23,000. Republicans throughout the Nation may rest assured that the difference between these and the official figures cannot exceed a few hundred, and the votes of the State will be counted as cast.

Hancock Disapproves.

CHICAGO, Nov. 6.

A *Times'* New York special says: There is the very best authority for the statement that General Hancock wrote Chairman Barnum that the proposition to contest the vote of the State did not meet his approval, being based on unprovable statements.

Garfield's Popular Majority.

NEW YORK, Nov. 6.

An examination of the majorities cast by the several States shows that Garfield has probably received 80,000 more than Hancock.

Garfield's Majority in Iowa.

DES MOINES, Nov. 6.

Garfield's majority will probably be 65,000.

Capture of Sharp, the Escaped Robber.

CANDELARIA, Nov. 7.

M. A. Sharp, the noted stage robber, was caught here at ten o'clock to-night by Deputy Sheriff McLeod. A big reward had been offered by Wells-Fargo. Sharp had already been convicted of highway robbery. He escaped from the Aurora jail last Tuesday.

"Confidential" News.

CHICAGO, Nov. 8.

The *Times'* Washington special says: Walter Carpenter has stated confidentially that Gen. Grant prefers the Secretaryship of War to the Illinois Senatorship, and probably will be offered that position. Blaine has Eugene Hale in training for a Cabinet position.

Excites Interest.

Hon. C. S. Varian opens the argument in the Lake case to-morrow morning. Gens. Kittrell and Clarke follow for the defense and Col. R. H. Lindsay closes. There is a great deal of interest manifested in the four speeches that are to come. There are probably no four men in Nevada that could argue a case better than those named. The first three are well-known here, and they always draw good houses. Col. Lindsay was almost a stranger here before this term of court began, but he has made hosts of friends already. He is said to be a very eloquent pleader, and his answer to Kittrell and Clarke may be expected to be exciting and racy.

Fair and Festival.

The ladies of the Congregational Church Aid Society will hold a Fair and Festival on Wednesday and Thursday evenings of this week, in the Congregational church. A great variety of needle-work and fancy articles will be offered for sale. Refreshments of every sort will be provided. The prices will be reasonable. An excellent lunch will be served for twenty-five cents. On Thursday evening a choice literary and musical entertainment will be given, and an admittance of ten cents will be charged.

SHILOH'S CATARRH REMEDY. A marvelous cure for Catarrh, Diptheria, Canker mouth, and Head Ache. With each bottle there is an ingenious nasal Injector for the more successful treatment of these complaints without extra charge. Price 50 cts. For sale by Osburn & Shoemaker, Druggists, Reno, Nevada.

PERSONAL.

M. Ashcraft is going below.

Mrs. Proctor, a blooming young widow of Greenville, is in town.

Sheriff Walker's wife went below last night for her health. She will remain with her mother several months.

D. Peyser & Bro. have opened a store at Honey Lake. They are doing finely. They are the sons of S. Peyser of the Mechanics' store.

F. L. Gladding has come to Wadsworth to live with his sons. He is 73 years old and has voted for thirteen Presidents, beginning with John Quincey Adams. He has never missed an election since. He is a very bright old gentleman and a very earnest and intelligent Republican.

Out of Pure Virus.

The doctors are out of bovine virus for vaccination, and are unable to procure a fresh supply. There is none to be had in San Francisco. The doctors and druggists have been telegraphing in all directions for it, but have telegraphed in vain. Some dairy men should inoculate a few cows and keep up the supply of virus. They should be able to get a good price for it now. Let some enterprising rancher get up a corner in bovine virus.

The Nevada and Oregon Railroad.

In answer to inquiries from a representative of the Gazette, General Hatch stated to-day that Col. Moore, contractor for the Nevada & Oregon Railroad, will leave New York for Reno on the tenth instant. Should the weather prove favorable, grading will be commenced at Reno soon after the arrival of the Colonel. If stormy weather should prevail, then the work will be begun as soon as a favorable change takes place.

Shot in Bodie.

A man named Robbins, who used to work for Dr. Hogan here, was shot by Tom Hawkins in Bodie last week. It appears that Robbins interfered in a quarrel between Hawkins and a third party, whereupon Hawkins shot Robbins twice. Robbins was in a dangerous condition when last heard from. Hawkins was arrested and lodged in jail.

The St. Clair Case.

Says the *Silver State:* The case of St. Clair, convicted of murder in the second degree, has been appealed to the Supreme Court, and the transcript on appeal is now being prepared by his counsel, Messrs. Grass and M. S. Bonnifield.

Answer this Question.

Why do so many people we see around us, seem to prefer to suffer and be made miserable by Indigestion, Constipation, Dizziness, Loss of Appetite, Coming up of the Food, Yellow Skin, when for 75 cts we will sell them Shiloh's Vitalizer, guaranteed to cure them? Sold by Osburn & Shoemaker, Druggists, Reno, Nevada.

☞If you go to the right place to get them. This is a mighty important point, for some people who assert that they sell cheap do nothing of the kind. We do not boast when we say that we defy competition in prices in anything in our line. Besides this we have only one price. We have no preferred customers. Everybody is treated alike at our establishment. Our stock is the largest and most complete ever offered in any part of this State. Everything we have is new. No old, musty and out-of-date goods can be found on our shelves. We receive daily by rail and express the latest and best goods, which are obtained at first hand and sold at prices below those now prevailing in New York and Chicago. Let the people come and judge of our prices and examine our stock before going into those humbugging, Cheap John shops, in which they drum into the ear of the customer that they sell at cost and even below cost. Anybody with common sense must know that they lie. No storekeeper sells goods for the fun of the thing. We make a profit on everything we sell, as every honest merchant does, and don't print foolish falsehoods in the vain hope of deceiving the public. One must make a profit to live. We particularly call attention to our full stock of fancy underwear, such as is kept nowhere else in Reno. This class of goods form one of our specialties. Orders from the country promptly attended to. Look out for the White Building with the Gold Sign.

MIDDLE-AGED MEN.

There are many at the age of thirty and sixty who are troubled with too frequent evacuations of the bladder, often accompanied by a slight smarting or burning sensation and a weakening of the system in a manner the patient cannot account for. On examining the urinary deposits a ropy sediment will often be found, and some small particles of albumen will appear, or the color will be of a thin milkish hue, again changing to a dark and torpid appearance. There are many men who die of this difficulty, ignorant of the cause, which is the second stage of seminal weakness. Dr. S. will guarantee a perfect cure in all such cases, and a healthy restoration of the genito-urinary organs.

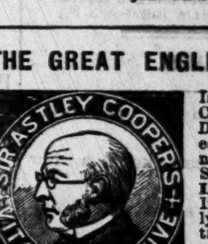

Office Hours—10 to 4 and 6 to 8. Sundays from 10 to 11 A. M. Consultation Free. Thorough examination and advice $5.
